

ELECTRIC VEHICLE MAKE-READY PROGRAM

Receive **up to 100% of the costs for electrical infrastructure** required to install EV charging stations. Our team of experts will guide you through the process and help achieve your electrification goals.

Benefits of Installing EV Chargers

For Your Business:

- ▶ Bring in revenue
- ▶ Attract new or retain existing customers
- ▶ Improve sustainability
- ▶ Build recognition

For Your Fleet:

- ▶ Save fuel costs
- ▶ Reduce required maintenance
- ▶ Help meet sustainability goals

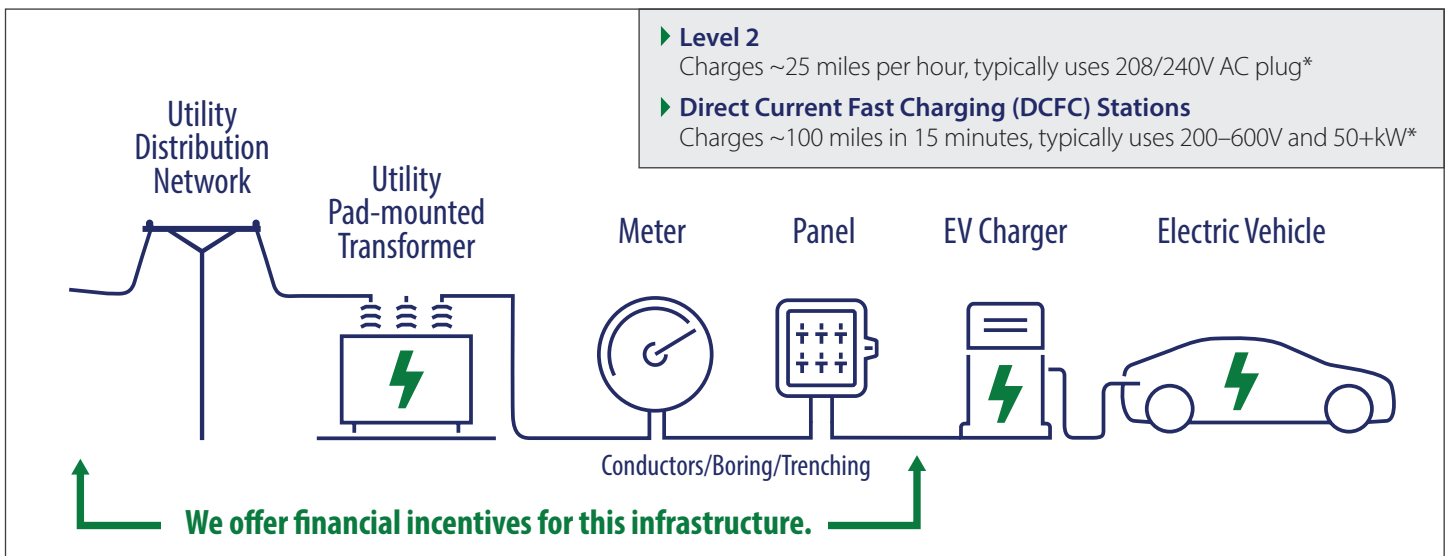

Combine Our Make-Ready Program With Fleet Assessment Services

We offer **free Fleet Assessment services** to light-, medium- and heavy-duty fleet operators in Central Hudson's territory. Our team of experts will determine if electrifying your fleet is right for your business and develop a multi-year procurement plan.

Making Your Site Ready for EV Charging

Work with a Central Hudson approved contractor to choose the charging level that fits your needs.

*Depends on make and model of your car and charger kW.

Incentives for Infrastructure

REQUIRED TO BE PUBLICLY ACCESSIBLE?	REQUIRED TO BE LOCATED IN A DAC?	CHARGER TYPE	PLUG TYPE	INCENTIVE LEVEL AVAILABLE
Yes	Yes	DCFC	All non-proprietary (for use with most car models)	Up to 100%
No, only multi-unit dwellings are eligible	Yes	L2	All non-proprietary (for use with most car models)	Up to 100%
Yes	No	L2 or DCFC	Either non-proprietary or proprietary plugs co-located with an equal or greater number of non-proprietary plugs of equal charging capacity. <i>For example, if installing five Tesla chargers, five or more non-proprietary chargers must also be installed.</i>	Up to 90%
No	No	L2 or DCFC	Either non-proprietary or proprietary plugs that are not co-located with an equal or greater number of non-proprietary plugs of equal charging capacity.	Up to 50%

How to Participate

STEP 1

Information and Application

Program participant reviews program information and finds an approved contractor.

STEP 2

Site Design

Program participant works with approved contractor and Central Hudson on charger selection and site design.

STEP 3

Application Review

Participant or approved contractor submits application. Central Hudson reviews eligibility and site information, and assesses costs and feasibility. Apply on the Central Hudson application portal at <https://ch-evmakeready.programprocessing.com>

STEP 4

Construction

Central Hudson and approved contractor build "make-ready" infrastructure for the parking spaces.

STEP 5

Chargers Electrified

Chargers are installed and activated. Customer provides documentation and reports operational data to the third-party vendor. Central Hudson provides payment to the customer.
